PROFESSIONAL SUMMARY

Executive assistant with six years supporting vice presidents in software and healthcare companies. Runs complex calendars, quarterly business reviews, offsites and expense workflows for two VPs, and acts as their link to direct reports and customers. Uses Google Workspace, Concur, Asana and Slack daily and is trusted with confidential reorganization and hiring plans.

PROFESSIONAL EXPERIENCE

Executive Assistant to the VP of Sales and VP of Customer Success

Mar 2022 — Present

Pecos Cloud Software · Austin, TX

- Support two vice presidents leading teams of about 120 people, managing calendars, inbox triage and priorities across weekly customer and internal meetings.
- Plan two leadership offsites a year for up to 40 people, handling venue contracts, agendas, travel and budgets within approved spend.
- Build quarterly business review decks from team inputs, chasing deadlines and checking numbers against the sales dashboard before review.
- Coordinate onboarding for new managers in both organizations, setting up equipment, introductions and first-week schedules.

Executive Assistant

Jun 2019 — Feb 2022

Lady Bird Health Partners · Austin, TX

- Supported the chief operating officer of a 12-clinic outpatient group, managing calendar, travel between sites and monthly operations meetings.
- Tracked purchase orders and invoices for the operations budget in Excel, flagging late approvals to the COO each week.
- Organized the move to video meetings during clinic closures, setting up recurring meetings and training managers on the tools.
