PROFESSIONAL SUMMARY

Registered physiotherapist with six years in Ottawa outpatient and hospital practice, treating orthopedic, vestibular and post-concussion patients in English and French. Rostered for acupuncture with the College of Physiotherapists of Ontario. Manages a full private-practice caseload, works with motor vehicle accident and WSIB files and mentors physiotherapy residents and students.

PROFESSIONAL EXPERIENCE

Registered Physiotherapist
Feb 2022 — Present

Rideau Canal Physiotherapy & Sport · Ottawa, ON

- Treat a private-practice caseload of orthopedic, vestibular and post-concussion clients, with assessments and follow-ups in English or French as the client prefers.
- Built the clinic's concussion program with a sport physician, including graded return-to-activity plans and school or workplace accommodation letters.
- Write treatment plans and progress reports for motor vehicle accident and WSIB files, meeting insurer timelines and keeping documentation audit-ready.
- Supervise two physiotherapist assistants and mentor physiotherapy students on placement from a local university program.

Physiotherapist
Sep 2020 — Jan 2022

Gatineau Hills Community Hospital · Gatineau, QC

- Assessed and treated inpatients on medicine and orthopedic units, focusing on mobility, fall risk and safe discharge planning.
- Worked with occupational therapy and social work in daily discharge rounds, recommending equipment and home supports.
- Practised in French under the Ordre professionnel de la physiothérapie du Québec, documenting in the hospital's bilingual chart.
