EXPERIENCE & PROJECTS

Northgate Specialty Foods · Toronto, ON **May 2025 — Aug 2025**

Corporate Finance Intern

- Built a monthly budget-versus-actual workbook for four plants that pulled general ledger exports automatically, replacing a manual copy-paste process the team ran every close.
- Prepared variance commentary on freight and packaging costs for the controller, tracing a large overrun to a carrier fuel surcharge the plants had not budgeted.
- Modeled payback on a proposed packaging line upgrade with three volume scenarios, used by the plant manager in the capital request.

Lakeport Credit Union · Mississauga, ON **May 2024 — Aug 2024**

Commercial Banking Summer Analyst

- Spread financial statements for 25 small business borrowers and calculated debt service coverage and leverage ratios for credit memos.
- Drafted industry risk sections for two loan renewals, summarizing margin trends and covenant headroom for the senior account manager.

Student Investment Fund, Consumer Sector Analyst

- Pitched two equity positions to the fund committee using DCF and comparable-company models; one was added to the portfolio and tracked through the year.
