Priscilla Adebayo-Grant

Director of Supply Chain | Senior Manager, Planning and Procurement | Supply Chain Planner

priscilla.adebayogrant@email.example • (713) 555-0169

PROFESSIONAL SUMMARY

Supply chain director with fifteen years across industrial manufacturing and distribution. Runs planning, procurement, logistics and three distribution centers for a business with operations in the US and Canada. Known for redesigning networks, building planning teams and making supply chain risk part of every business decision.

PROFESSIONAL EXPERIENCE

Director of Supply Chain

Jan 2020 — Present

Gulfstream Industrial Supply · Houston, TX

- Lead a 140-person supply chain organization covering planning, procurement, transportation and three distribution centers in Texas, Louisiana and Alberta.
- Redesigned the distribution network after a demand study, consolidating two warehouses and cutting annual logistics cost by about $4 million.
- Implemented Kinaxis for integrated business planning, connecting sales forecasts, supply constraints and financial plans in one monthly review.
- Built a supplier risk program that dual-sourced critical components and set inventory buffers, reducing line stoppages during disruptions.

Senior Manager, Planning and Procurement

Mar 2015 — Dec 2019

Bayou Valve & Controls · Baton Rouge, LA

- Led planning and purchasing for two manufacturing plants, managing about $180 million in annual direct material spend.
- Ran strategic sourcing events for castings and electronics, adding qualified suppliers and lowering unit costs on key parts.
- Introduced a weekly material review that cut late production orders caused by part shortages.

Supply Chain Planner

Jun 2011 — Feb 2015

Red River Pump Works · Shreveport, LA

- Ran MRP and production scheduling for a pump assembly plant, balancing customer orders with material and labor capacity.
- Supported an SAP rollout by cleaning bills of materials and training planners on the new planning screens.
