Camille Bouchard

Supply Chain Analyst | Logistics Co-op

camille.bouchard@email.example • (514) 555-0126

PROFESSIONAL SUMMARY

Supply chain analyst with a year of experience in replenishment and supplier follow-up at a food distributor, after a co-op in a 3PL warehouse. Builds Excel and Power BI reports that planners use daily, cleans up master data in SAP and works fluently in French and English with suppliers and carriers.

EXPERIENCE & PROJECTS

Laurentides Fine Foods Distribution · Montreal, QC **Sep 2025 — Present**

Supply Chain Analyst

- Plan replenishment for about 900 dry grocery SKUs from 45 suppliers, adjusting order quantities for promotions and seasonal demand.
- Built a Power BI dashboard of supplier fill rates and late purchase orders that the purchasing team now reviews in its weekly meeting.
- Cleaned up lead times and pack sizes for 300 SKUs in SAP, reducing manual order corrections by the planning team.

Rive-Sud 3PL Services · Longueuil, QC **Jan 2025 — Apr 2025**

Logistics Co-op

- Tracked inbound containers from the Port of Montreal and booked delivery appointments, updating clients daily on arrival status.
- Ran weekly cycle count reports and investigated variances with warehouse supervisors, documenting root causes in a shared log.

Capstone: warehouse slotting study

- Analyzed pick data for a partner warehouse and proposed a new slotting layout that shortened average picker travel distance in a pilot zone.

EDUCATION

BBA, Operations and Logistics Management **2025**

Mont-Royal School of Business
