Luis Ramirez

Mathematics Teacher

luis.ramirez@email.example • (210) 555-0131

PROFESSIONAL SUMMARY

Texas-certified high school mathematics teacher with six years teaching Algebra I, Geometry and AP Precalculus to diverse classes, many with English learners. Uses common assessments and small-group reteaching to close gaps before state exams. Coaches the math club and mentors first-year teachers on the campus.

PROFESSIONAL EXPERIENCE

Mathematics Teacher

Aug 2022 — Present

Mission Trails Independent School District · San Antonio, TX

- Teach five sections of Algebra I and AP Precalculus to about 150 students a year, using common assessments built with the math PLC.
- Redesigned Algebra I reteach blocks around weekly skills checks, raising the share of students passing the end-of-course exam from 68% to 79% over two years.
- Support English learners with sentence stems, visual models and Spanish clarifications, working with the ESL specialist on language objectives.
- Mentor two first-year teachers through the district induction program, observing lessons monthly and co-planning units.

Mathematics Teacher

Aug 2020 — Jun 2022

Hill Country Collegiate Academy · New Braunfels, TX

- Taught Geometry and Algebra II in a grade 9 to 12 charter school, including remote and hybrid instruction during 2020 and 2021.
- Built a Desmos activity library for Geometry that the department adopted for all sections.
- Started a math club that grew to 30 members and competed in two regional contests.
